The Winchester Democrat remarks about the registration in that town and in Mt. Sterling: "In Mt. Sterling 988 voters registered on October 5d, which The Gazette says is the largest number ever registered. In this city 1,160 registered, and this is by no means our largest registration, and yet Mt. Sterling claims to tie in the same class with Winchester. Our sister has an advantage, however. The Democrats have 191 plurality there, while here the boot is on the other leg by 195."

IT'S HERE.  
Who used to love the palea methio,  
Was fed upon a tiff,  
But the chap who goes there with both feet  
Has knocked this dudlet silly.  
She loves him for his bloody nose,  
His wounds and bruise fair,  
For broken legs and mangled toes,  
And wild Samsonian hair.  
And where the green griffin waits,  
The chap her heart holds dear,  
She sits and thanks her happy fate,  
The football season's here.

AN AUTUMN LUNCH.

Miss Jessie Peel Entertains Out of the Ordinary Way.

The entertainment at Mr. and Mrs. J. D. Peel's last evening was something out of the ordinary run of entertainments.

The autumn lunch is the way it was styled, and it was quite a swell affair, there being a sufficient number present to have an enjoyable time.

The lunch was given in honor of Miss Peel's guests, Miss Eastland, Miss Jefferson and Miss Thompson, the three young ladies representing the society of Boyle, Fayette and Bourbon counties, the three that represent the hub of the Bluegrass regions.

The three young ladies have certainly been well cared for as far as having a good time goes, and their visit to this city has been one of enjoyment and pleasure ever since their arrival, the class in which they rank having left nothing undone to make them enjoy themselves.

Those present were the following well known young people:

Miss Mayne Perrie and Mr. Sam T. Hickman.

Miss Mamie Hocker and Mr. Henry Wadsworth.

Miss Nettie Robinson and Mr. James Barbour.

Miss Nettie Howe and Mr. J. Banks Durrett.

Miss Maude Kirk and Mr. Will Stockton.

Meas. Will T. Cole, Frank Barkley, Stanley Watson, Stanley Niles, Thomas Darnall and Will Bruner, the latter of Covington, assisted Miss Peel and her guests in receiving.

The lunch was served at 8 o'clock, and all thoroughly enjoyed it.

They will regret the departure of the young ladies, as the society of our city has never been so thoroughly entertained as they have the past week.

## KENTUCKY ODDFELLOWS.

Grand Inside Sentinel—J. T. Woodward of Bowling Green.

Grand Outside Sentinel—John Gilchrist of Lexington.

The Central Kentucky Times, published at Lexington, has suspended publication.

Cincinnati has twelve night schools that are absolutely free to anybody who will attend.

When a woman refuses to turn around in church to look at another woman's bonnet, it is a sure sign that she has religion.

There has not been a licensed saloon in Morgan county for sixteen years, and there is a church in each school district in the county.

Secretary Carlisle authorized the rejection of all contracts made for the completion of the public building at Richmond, for the reason that the building cannot be completed within the amount appropriated.

The use of broad tires on roads is a subject that should receive attention. Instead of cutting up the road a broad tire serves as a roller and packs and smoothes the road. It is not necessary to have heavy wheels because they are broad. In this age of steel broad wheels must combine strength, lightness and efficiency, and their use would save the roads also permit of drawing heavier loads.

Dr. M. H. Davis of Mayfield was honored with a place on the Committee on Demises.

Rev. S. X. Hall was appointed Deputy Grand Master for the remainder of the session.

P. G. P. Thomas A. Davis and Past Grand Masters James T. Willis, J. Frank Grant, George W. Morris and W. H. Holt were appointed a committee to meet at Louisville and investigate irregularities said to exist in some of the proxy votes of 1893.

Owing to the delinquency of many Encampment Deputies the increase in membership cannot be given.

There were 23 Patriarchs present to receive the Grand Encampment Degree.

The report of Grand Representatives W. W. Morris and W. H. Cox was of a most touching character, contrasting the events that transpired about the meeting place at Lookout Mountain during the war with the presence of an "army of peace" at that historic spot in 1894.

## AMERICAN FARM PRODUCTS.

HOW THEY ARE TAXED BY OUR CANADIAN FRIENDS.

While Democratic Free-Traders Have Been Legislating for the British, the Johnny Bulls Have Been Doing Likewise.

The Democratic Free-traders in Congress have recently been busy, as the American Economist has long since shown, in reducing Protective duties upon American farm products, which would benefit the farmers of Canada more than those of any other country.

While the Democrats have been doing this it is just as well to look at the new Canadian Tariff and see how the Canadians treat the American farmer.

They are not such fools as to throw away their markets for our benefit.

They tax our farmers right and left all they can.

They believe in Protection, that is, Protection to the Canadians—but, the Democratic party does not believe in Protecting American farmers; it does its best to favor foreign farmers.

Every American farmer in the United States should read with the greatest care the following list, which shows how the products of the farm, in some shape or another, are taxed by the Canadian Government, while our Democratic Congress is admitting Canadian products free into the United States:

Animals, living, not elsewhere specified, 30 cents per ad valorem.

Meats, 2 cents per pound, when in barrel, the barrel to be free.

The river is still falling at this point.

There were 136 round trip tickets sold at the C. and O. Railroad depot yesterday.

The cheap Sunday excursions on the C. and O. have been discontinued for the present.

The towboats that failed to get out on the last rise are in excellent condition to take advantage of the first rise.

There was rain Tuesday at the headwaters of the Kanawha, and a rise may be expected from that stream.

A detailed freight train in the C. and O. yards at Cincinnati yesterday fatally crushed Cornelius Conway, a brakeman.

Captain Lane Pennewitt is now running his new purchase, the steamer Royal, in the Vicksburg and Baton Rouge trade.

The coal shipment by river to date is the smallest for many years; the last shipment previous to September was April 25th.

It is stated that the Pittsburgh and Cincinnati Packet Company is anxious to dispose of the C. W. Batchelor, Andes and Scotia, for the reason that the building of new boats is contemplated.

The Big Sandy Packet Company, on account of low water, will not send any more boats to Huntington until there is a rise. They will only run one boat above Cincinnati, which will be the H. K. Bedford to Vanceburg.

The United States steamer General Gilmore, bound down, struck an obstruction, supposed to be an old barge, near Fort Charles, in the Mississippi, and went down in a few minutes, but it is thought she will be raised. The Gilmore is valued at \$100,000.

The river is getting troublesome again at New Richmond chute. The Congo and the Lizzie Bay both rubbed hard there on their trip down. If we don't have a rise within the next few days the large boats will have to be withdrawn again from the upper river trade.

The Lizzie Bay, which arrived from Gallipoli at Cincinnati Tuesday morning, had a large trip, including 338 head of stock, 70 hogsheads of tobacco, 50 barrels of coal, 35 barrels of sorghum, 50 bundles of hops, 110 sacks of corn and wheat, 50 cases of eggs, 30 coops of poultry and 8,000 apples.

The monthly statement of The Railroad Gazette shows that in August, this year, there was a total of 180 railroad accidents in this country, in which 80 persons were killed and 126 injured. Of the killed, 16 were passengers, 35 employees and others trespassers. Of the injured, 33 were passengers, and 94 employees. Eight of the passengers killed were in the disastrous accident at Lincoln, Neb., August 1st.
